OSTHUS CAREER

Cloud Database or Big Data Expert (m/f), Melbourne (FL), USA

Your personal contact: José Espejo (career@osthus.com)

Are you looking for an exciting and rewarding career? We are looking for talented and passionate individuals. At OSTHUS, you have the opportunity to accelerate your career.

OSTHUS brings innovative scientific informatics applications to many of the world's largest pharmaceutical, Crop Sciences and Life Sciences companies. We provide both software solutions as well as consulting expertise to help guide your business strategy in adopting valuable technologies. With teams of unique interdisciplinary experts, we help our clients solve new kinds of global data-driven challenges in Pharma and Life Sciences.

Responsibilities:
- Working on international software projects with leading global pharmaceutical companies
- Working reliably on projects within a given time and budget frame whilst maintaining our quality standards
- Designing and implementing scalable cloud systems for pharma and biotech applications
- Researching and bringing "best of breed" cloud technologies/techniques to OSTHUS and its customers
- Algorithm development for advanced storage and retrieval of information at high scale (Big Data problems)

Requirements:
- Master's Degree in computer science or a comparable field
- Proficient in Java
- Good communication skills and experience working with a variety of customers and large teams
- Ability to be a self-starter and work independently
- Ability to be an out-of-the-box problem solver
- Experience with enterprise-scale applications involving multi-node architectures
- Experience in working with Hadoop, HDFS, types of cloud databases (NoSQL), related technologies and numerous kinds of virtualization software
- Experience in working with reasoning systems, AI tools, natural language processing (NLP) tools
- Experience in graph theory and computational applications of graphs for high-performance computing and semantic technologies, ontologies and classification schemas
- Experience in consulting in commercial markets with high-profile customers

At OSTHUS:
Our company believes in growing and supporting your individual strengths. OSTHUS offers training seminars and individual coaching in the areas of leadership, communication and organization. We provide you space to combine theory and practice, to contribute your potential and to expand your skills. Our open communication and transparent feedback culture, combined with flexibility, trust and responsibility, delivers the best performance from which customers, partners and employees all profit. We encourage people to be themselves. We give your ideas a chance to flourish.

To apply:
E-Mail your résumé, your salary expectations and your desired starting date to career@osthus.com. Refer to "Cloud Database or Big Data Expert" in the subject line.
